SLOWLY ASSEMBLING

Gold Standard Democrats Are Gathering at Indianapolis.

THE LEADERS PAVING THE WAY.

An Electoral Ticket Will Be Put Up in Nearly Every State in the Union—Looking For Candidates—Some Predictions as to What the Platform May Contain. Hewitt's Draft.

INDIANAPOLIS, Sept. 1.—The delegates to the gold standard Democratic convention are slow in arriving. A few of the notables, including Perry Belmont and John R. Fellows of New York, Louis Ehrich of Colorado, Comptroller Eckels of Illinois, Senator Vilas of Wisconsin, ex-Congressman Outhwaite of Ohio and C. S. Perry of Connecticut are here, but the real influx has not yet begun.

Secretary John R. Wilson already has the signed credentials of over 600 delegates and telegrams announcing that others are on their way.

Thus far but one delegate has appeared who does not favor the nomination of a ticket. The managers, however, look upon a ticket in the doubtful states as of vital importance, but the general expectation now is that an electoral ticket will be put up in almost every state in the Union. It is pointed out that an active canvass is to be made by the gold Democrats under the auspices of the committee to be appointed by the convention to succeed the provisional committee against the Chicago nominees and that this could be done, more effective and more consistently with nominees in the field.

When the present movement was organized the question of candidature was considered of little importance. It was thought they could be selected at a conference but as the movement has grown a contest has developed. There is a disposition to consider the question of the nominees more seriously. There is, of course, much talk of Mr. Cleveland, but his closest friends are discouraging it, and there are also those who believe it would be bad policy to nominate the president or any one connected with the administration.

The managers have begun to cast around for vote getters. The most prominent name suggested so far was that of Senator George Gray of Delaware. Ex-Congressman Outhwaite of Ohio, ex-minister to Switzerland, Broadhead of Missouri and Mr. Bynum are also talked about to some extent.

There has been considerable discussion about the platform which the convention will adopt and there are indications that a fight may be the outcome. Mr. Bynum received from Abram S. Hewitt of New York a draft of the platform which the New York man thinks should be adopted. Mr. Bynum some time ago wrote to a number of leading gold Democrats throughout the country asking them to submit their ideas as to what the platform should be. Several have responded with drafts of different planks, but Mr. Hewitt has sent an entire platform.

All the communications which have been received on the subject by Mr. Bynum will be turned over to the committee on resolutions when it shall be appointed. Mr. Bynum says that it does not necessarily mean that because Mr. Hewitt had drafted a platform that it would be the one adopted by the convention. Some of the delegates now here think that it is a mistake to have any idea get out that the platform was drawn by Mr. Hewitt or any other man.

A draft of the money plank prepared in the treasury department has been seen by several leaders of the gold movement, and there is a general impression that suggestions from this quarter will be received by the committee on resolutions and the convention with a great deal of favor. It is possible that several of the money planks which have been prepared are drawn on the lines suggested in the treasury department, and possibly Mr. Hewitt's draft may contain these suggestions.

There is also talk of a plank in favor of currency reform, having for its main object the retirement of the greenbacks, and a revised system of issuing bank notes to take the place of the greenbacks, the notes to be redeemed and re-issued and supported by a gold reserve in the banks, with the maintenance of all currency at a par with gold. The scheme is said to have behind it several strong men who will push it before the committee on resolutions.

There is also a movement to secure an endorsement of the principle of the income tax, but this does not receive very hearty support from the delegates now here.

A DETROIT TRAGEDY.

A Drunken Frenchman Tries to Kill His Entire Family.

DETROIT, Sept. 1.—Frank Beaubien, 40 years old, shot and mortally wounded his wife yesterday morning, attempted to kill his two children and then blew his own brains out. Beaubien, who was a member of an old French family, was left considerable money some time ago, and has been drinking heavily ever since.

Yesterday morning he went home drunk, and when his wife remonstrated, drew a revolver and shot her in the back as she ran. He also attempted to shoot his two children, but both escaped injury. He then placed the revolver to his own head and blew his brains out.

Fight on the Philippine Islands.

MADRID, Sept. 1.—A dispatch received here from Manila, capital of the Phil-

ippine islands, says that a force of 3,000 insurgents which recently attacked the Spanish vanguard, has been repulsed with a loss of 60 killed and many wounded. The troops also captured many prisoners.

G. A. R. ENCAMPMENT.

Multitudes of Veterans Pouring Into St. Paul From All Directions.

ST. PAUL, Sept. 1.—An ideal northwestern day, with just enough breeze to waft a welcome to the incoming thousands from the innumerable flags and banners that fluttered from every house and office building was given for the opening of the week of the 30th encampment of the Grand Army of the Republic.

From sunrise the evidence of coming hosts became hourly more apparent until the streets were crowded long before the noon hour and the strains of martial music from bands and drum corps could be heard on every hand. With 15 or more regular trains from all points of the compass and 33 specials due during the morning, the Union depot was the scene of the greatest activity.

Commander-in-chief I. N. Walker and staff were expected on an early train and the local posts, accompanied by a band, were at the depot to greet the train, but it was delayed and not till noon were the veterans able to welcome their chief. He was at once escorted to the Ryan hotel, where national headquarters were at once established, becoming the center of Grand Army activities.

General Daniel Sickles, the hero of Gettysburg, arrived during the afternoon with his party.

Last night the citizens' committee gave a reception in honor of Commander-in-chief Walker and wife and party at the Ryan hotel. The reception was entirely informal. A second reception was given at the capitol by the Minnesota department of the Women's Relief Corps to the national officers of that organization, and this was also largely attended.

It seems to become more evident that the next encampment may go to Buffalo, N. Y. Denver is also after the prize, and the latest aspirant is the big Illinois metropolis, the statement being made that Chicago was actively working for the next encampment. Baltimore is also in the field.

Rear Admiral Richard W. Meade is being urged for commander-in-chief. His friends are making the plea that he is the first naval officer to be pushed for the place. John C. Linahan of New Hampshire, Charles L. Ballou of Providence, Major T. S. Clarkson of Omaha and General Givens of Iowa are the other leading candidates for the place. Three New York past-commanders—John C. Shotts of Yonkers, Ira M. Hedges of Haverstraw and J. L. Sayles of Rome—are placed among the possibilities, but the New York delegation will do nothing to prevent Buffalo's sneeze.

ONE HUNDRED AND ELEVEN.

The Remarkable Age Attained by Miss Margaret Bailey.

WABASH, Ind., Sept. 1.—The conspicuous person at the Huntington county old settlers' meeting was Miss Margaret Bailey, the oldest inhabitant of the county, and, it is claimed, of the state.

Miss Bailey, who is familiarly known as "Aunt Peggy," is 111 years old, having been born in Cynthia, Ky., in 1785. She has never been ill an hour in her life, never used a cane, has excellent eyesight, her hearing is unimpaired, and she has smoked a pipe ever since she was 11 years old.

Miss Bailey was an object of much curiosity at the old settlers' meeting, where she, with evident satisfaction, detailed reminiscences of early times in Kentucky, her memory being remarkably clear.

Robbed and Thrown From a Train.

LAFORTE, Ind., Sept. 1.—Charles Barris of Davison, Mich., who was stealing a ride on a Lake Shore train, was assaulted by tramps near Whiting, and after being robbed and beaten into insensibility, was thrown from the swiftly moving train, receiving injuries which will prove fatal. Barris struggled with his assailants, but was overpowered. He was taken to a Chicago hospital.

Two Families Poisoned.

MICO, Miss., Sept. 1.—A report has just reached here to the effect that the families of Rev. Marion Walters and Mr. McGill, who live near County Line Church, were poisoned yesterday and half a dozen children are dangerously ill. It is supposed that the poison was in the water. No further particulars have been received.

Apple Blossoms in September.

SEYMOUR, Ind., Sept. 1.—In the fruit garden of C. A. Saltmarsh of this city there is a young apple tree on which there is a bunch of well developed blossoms, just ready to open out. The tree is a full variety, and bore fruit this season. The new growth on which the bloom appears is more than one foot in length.

Fatal Slabbing Affray.

WEST UNION, O., Sept. 1.—James Sutherland was probably fatally stabbed last night in a free-for-all fight. Sam Stephens and Joe Biely were each severely injured by being struck on the head with beer bottles. Biely is alleged to have done the cutting and has been arrested.

Death of a Distinguished Colored Man.

GREENSBURG, Ind., Sept. 1.—John Thurman, 73, died yesterday. He had the distinction of being the only colored person in the United States belonging to a white Masonic lodge. He had been a barber in this city 45 years.

WAR IN EARNEST.

A Reign of Terror About to Begin in Cuba.

WEYLER IN DESPERATE STRAITS.

Cuba Will Be Made Desolate by Fire and Sword—Everybody Outside of Military Lines Will Be Shot Without Challenge. A Request That General Weyler Be Recalled to Spain.

NEW YORK, Sept. 1.—A dispatch to The World from Havana says: "The rebels must be defeated before the year ends or we are lost." Premier Canovas cabled to Captain General Weyler. The despairing dispatch explained that the Spanish government has taken alarm at the developments of a recent interview between United States Minister Taylor and the Duke of Tetuan, Spain's minister of foreign affairs.

General Weyler cabled back to Madrid that in that case he must resort to extreme methods.

"Do as you please," replied Senor Canovas.

Thereupon General Weyler determined to issue shortly an edict forbidding the grinding of the season's sugar crop.

When that edict appears war will begin in earnest. The Cubans will occupy hills and woods, the Spanish troops will be in towns and villages. Sugar mills will be destroyed by both sides, for Weyler will adopt Gomez's tactics and enter upon a campaign of extermination. Cuba will be made desolate by fire and sword. The torch will be applied by regulars and insurgents alike to everything which might give aid and comfort to the enemy. Everybody outside the military lines will be shot without challenge.

There was a panic in political and financial quarters when General Weyler's intention leaked out. The Marquis of Apezteguia, the chief of the Conservative party, was immediately summoned to Havana by wire from the Constanza sugar plantation, where he was making extensive preparations for next year's crop.

A meeting of the Conservative leaders was held. Planters and politicians of great influence were present. After a long, hot discussion, in which General Weyler's expected edict was denounced without stint, resolutions were adopted to this purport:

"First, that a committee composed of the Marquis of Apezteguia, Pascual Golgochea and Patancio Sanchez visited Weyler and they prevailed upon him not to issue the edict.

"Second, if he persists in his determination to issue the edict that the government at Madrid be urged to recall Weyler to Spain."

These audacious resolutions are the talk of the city, as it is well known that Spanish rule in Cuba has always been upheld by and in control of the Conservative party, especially in times of war, and that the party's resolutions are in effect law.

It will not be the first case of a captain general being virtually dismissed by the Cuban Conservatives. In the last war Captain General Dulce was sent back to Spain by the Volunteers. Conservatives and Volunteers are the same people. Captain General Campos was also sent to Spain by them.

The Conservatives want General Polavieja in Weyler's place.

The Matanzas court of justice refuses to obey General Weyler's order to remove the Sagua judge. General Weyler threatens to abolish the court, if it disregards his autocratic order. Lawyers here, Spaniards included, resent General Weyler's interfering with the civil courts.

General Weyler has ordered that all relatives of rebels must register at the palace. All letters, telegrams and parcels sent them are to be opened and examined before delivery. Visitors are to be shadowed. The sheriffs have begun visiting private residences to carry out the order.

FELL EIGHTY FEET.

A Well Known Balloonist Meets With a Serious Accident.

DENVER, Sept. 1.—Mr. J. V. Baldwin, the well known balloonist, was seriously if not fatally hurt by falling from his balloon last evening. Baldwin had been making weekly ascensions and parachute jumps in this city. The wind carried him into a tree. His arm was broken and he could not retain his hold on the bar. He fell about 80 feet. His right arm was broken in two places, his shoulder dislocated and he was badly bruised about the head. It is believed he will recover.

Baldwin is the youngest of the famous Baldwin brothers, balloonists, of Quincy, Ill., and has been making ascensions for several years. A year ago he joined the signal corps of the regular army and was appointed sergeant, serving under Captain Glass, chief of the signal corps at Fort Logan.

After the Gamblers.

LOUISVILLE, Sept. 1.—As a result of the testimony in the recent impeachment proceedings, the board of safety has discharged the entire detective force, appointed a new force and instructed the new men to get after the gamblers at once.

A Carriage Failure.

AMESBURY, Mass., Sept. 1.—Miller Brothers, one of the best known carriage firms of this place as well as one having a wide reputation elsewhere, have made an assignment. No statement of assets and liabilities has as yet been given out.

BRYAN IN CLEVELAND.

Two Great Meetings Held and a Speech From the Hotel-Balcony.

CLEVELAND, Sept. 1.—Candidate Bryan has been the object of no other demonstration so vociferous and so spectacular as that which the city of Cleveland gave him last night, and no where else with the possible exception of New York have so many people attempted to hear him talk. Two great meetings listened to Mr. Bryan, the first in the Central armory, where 16,000 people were packed; the second in Music Hall, which held 8,000, and afterward he spoke to several thousand from the balcony of the Hollenden hotel.

Bands and marching campaign clubs were numerous about the streets and with thousands of strangers in its gates the city bore a holiday aspect. Special trains brought out-of-town clubs in during the afternoon; 500 came on one train from Canton, the members of the Bryan club of that city, with their friends; two trains came from Akron, and others from Lorain, Cuyahoga and other Ohio and Pennsylvania points. For two or three squares the streets about the depot were thronged, when the cannon announced the arrival of the train on which the candidate came at half past 6.

There was a parade to escort him to the hotel and another after dinner from the hotel to the armory, the latter headed by Democratic clubs of Cuyahoga county, followed by several ward organizations and out of town clubs.

The armory doors were thrown open at 7 o'clock and 15 minutes after every foot of space was filled to the doors. Not only were the aisles jammed, but men were clinging on window sills high up and hanging in all sorts of impassable places.

When Mr. Bryan came down the stage at 8 o'clock, escorted by Mr. L. E. Holden of the Cleveland Plain Dealer, he inspired a fierce cheer, which continued for three minutes with waving hats and handkerchiefs, and was continued all the time the temporary chairman was trying to work in his speech. The armory audience was the largest Mr. Bryan has addressed indoors except the one at Madison Square. The Music Hall crowd was half as large and none left the hall. Charles P. Salen introduced the presidential candidate at the armory meeting and Arnold Green at Music Hall.

Besides the candidate, speeches were made at the former place by Hon. M. A. Furman and Judge McMath, but to a nominated audience, and the Music Hall crowd was entertained by local orators during its two and a half hours' waiting.

In his speeches at both places Mr. Bryan devoted himself mainly to the financial question.

Before his arrival at Cleveland Mr. Bryan made speeches at Chautauqua, Mayville and Ripley, at the last place talking to 2,000 farmers.

TROUBLE AMONG THE MINERS.

Operators Have Violated the Agreement in the Pittsburg District.

PITTSBURG, Sept. 1.—A district convention of the miners of the Pittsburg district is to be called at an early date to consider stringent methods of holding the operators to the 70-cent agreement until Oct. 1. Every effort possible will be made to hold the operators to the joint agreement, and if it is broken there is a possibility of the stirring scenes of last fall and winter in this district being repeated.

At present the Pittsburg district is badly divided as to the rate basis, and although the mines on the Panhandle are paying the rates in conjunction with those along the Yonghiogheny River, Tom's Run and Miller's Run, a number are paying as low as 52 1-2 cents per ton. On the Monongahela the situation is critical, and there are only four mines from Brownsville to Coal Bluff paying the district price.

UNIFORMED KNIGHTS.

Pythians From Every Quarter Gathering in Minneapolis.

MINNEAPOLIS, Sept. 1.—The advance guard of the Knights of Pythias, uniform rank, who hold their great demonstration and encampment in Minneapolis this week, have already reached the city, and thousands of others are on the way.

The city is full of strangers and every railroad yard is congested with coaches. About 3,500 members of the military branch of the order are expected and will find ample provision for their entertainment upon arrival.

The program of the encampment includes prize drills and parades which will continue until Saturday. Members of the uniform ranks from Massachusetts, Illinois, Kentucky and other states of the west will form the bulk of the attendance.

"I Do This to Save Others."

PITTSBURG, Sept. 1.—An unknown man ended his life at Jack's Run, Allegheny early yesterday morning by placing his neck on the rails of the Pittsburg, Fort Wayne and Chicago railroad and calmly awaiting the approaching engine of death. "I do this to save others," was written on a slip of paper found in his pocket, but nothing was found indicating who the self-murderer might be. A card in another pocket bore the name of John G. Haller, 192 Second avenue. The unidentified body lies on a slab in the morgue.

COLUMBUS, O., Sept. 1.—J. D. S. Kins of St. Mary's, superintendent of the schools of that place, has been appointed state examiner, to succeed J. L. Hartzler of Newark, whose term expired yesterday.

SLAIN BY THOUSANDS

Extent of the Massacres in Constantinople.

RIOTING LASTED THIRTY HOURS.

The Bloody Work Was Done by Order of the Turkish Authorities—A Serious Conflict Has Taken Place on the Turkish and Bulgarian Frontier—Americans So Far Are Safe.

CONSTANTINOPLE, Sept. 1.—There is no longer any doubt that the recent massacres in this city were organized by the Turkish authorities and it has been ascertained that the orders were only given to the Bashibazouks to cease massacring the Armenians after the bloody work had been going on for 30 hours. It is also a fact that hundreds of Turks were brought over from the Asiatic side of the Bosphorus in order to take part in the massacres and many Armenians were put in boats which were then taken out to sea. Their fate is unknown, but there is not the slightest doubt but that they have been drowned.

Although it may be true that the attack on the Ottoman bank originated with the Armenian revolutionary committee, it is admitted on all sides that the massacres which followed were not justified and that from 3,000 to 4,000 people lost their lives in the streets of this city or in those of the suburbs during the past week.

The Armenians also intended to attack the palace, the branch office of the Credit Lyonnais and other places, their avowed object being to force the powers to intervene in the Armenian question.

A dispatch received here from Philippopolis says that a serious conflict occurred last week on the Turkish and Bulgarian frontier. It seems to have been an outpost affair near the village of Shivalouki. Twelve Turks were killed or wounded and five Bulgarians were wounded. As a result further and much more dangerous complications are anticipated.

People in a position to judge the situation accurately believe that the sultan has once more approached dangerously near to the point of forcing upon the powers the necessity of dismembering the Turkish empire.

The joint note of the ambassadors of the powers asking the Turkish government to suppress the disorders in this vicinity was read like the similar notes of the powers regarding the massacres in Armenia. Even the hint that the sultan is endangering the Turkish empire by permitting a continuance of the state of anarchy which has prevailed is not looked upon as likely to have more than passing effect upon the sultan.

The Armenians who surrendered at the Ottoman bank, and who were subsequently taken out of the sultan's jurisdiction, frankly announced that it was intended to continue the work of agitation until alleged wrongs of the Armenians are redressed and, later, a circular was received at the embassies from the Armenian revolutionary committee confirming the announcement that the agitation would be continued. The American college at Hissar and the bible house at Stamboul are still guarded by troops and United States Minister Terrel has done everything possible under the circumstances to protect the lives and property of Americans and has made strong representations on the subject to Tewfik Pasha.

DULL IN THE OIL BELT.

Many Pumps Laid Off and the Wages Are Reduced.

LAFORTE, Ind., Sept. 1.—With the beginning of September, there will be a general reduction of the wages of the hundreds of pumpers at work in the Indiana oil field. A year ago, when business was better and the price of Indiana oil was steady and firm, the wages of the men running the pumps increased from \$50 to \$55 per month.

The general paralysis of the oil trade, however, has induced all the companies to reduce the number of pumpers, increasing the work of those retained, and now these will be subjected to a cut of 10 per cent in wages.

There is but very little drilling in progress, and hundreds of men have within the last three months left the oil regions of the state.

Cruel Joke Perpetrated.

LOGANSPORT, Ind., Sept. 1.—Harry Crawford, an 18-year-old boy, may die as the result of a practical joke. He was induced to join a party to steal watermelons, and when he was in the patch three confederates opened fire with blank cartridges. One boy fell, as if wounded, and Crawford ran home, as if distance of two miles, falling in convulsions, which physicians say may result in death. Crawford's parents are prostrated, and the perpetrators of the joke will be arrested.

Oldest Twins Celebrate.

PORTLAND, Ind., Sept. 1.—John and Richard McGriff, the oldest twins in the United States, celebrated their 93d birthday anniversary yesterday. They were born in the southern part of Darke county, O., Aug. 31, 1804. John lives with his son at Geneva, and Richard at Deerfield, Randolph county, where he walks four miles every day after the mail. Both are in excellent health. They neither chew nor smoke. Both say they have no use for a cane or glasses.

Woman Burned to Death.

GALLIPOLIS, O., Sept. 1.—Emma Par-due of Raccoon township was burned to death. She was making peach butter and her dress caught from a wood fire.

For Kentucky—Fair, north to east winds.

The money question has a tendency to make the average Republican a little bit sicker than any other question, as he has hold of the hot end of it.

A NEWSPAPER man who visited Canton, O., the past week says Major McKinley is worrying so much over the campaign that his hair is turning white. This thing of defeating Bryan isn't such a "cinch" after all.

The Frankfort Capital a few days ago referred to Elliot Sheppard of the New York Mail and Express as General Grant's son-in-law. And the editor of the Capital will continue to instruct its readers on the financial question.

MCMILLAN, the eminent English statistician, figures out the wealth of the United States to be \$14,120,000,000, while that of Great Britain is only \$47,000,000,000, showing the United States to be the wealthiest nation on the globe, and yet our Republican friends are afraid to change our monetary system without other nations consent to it?

MAJOR BEN. BUTTERWORTH, one of Ohio's prominent Republicans, is stumping the Northwest for McKinley, but he takes no stock in the single gold standard. "This talk about silver being bad money is rot," said Major Butterworth Sunday in an interview. "A red rag containing a promise to pay may be bad money, but silver, with its intrinsic value always known, is not a promise. It is redemption. A greater wrong was never committed against honesty and justice than when silver was demonetized." There you are.

At the Democratic County convention at Somerset, Ky., last Saturday, Judge A. A. Lewis, who has been a life-long Republican, and a silver man for some two years, and who has recently come out for Bryan and Sewall, made a rousing speech and created quite a sensation when he showed that the Republican platform of 1896 does not contain a word or a line concerning trusts or combines, although the Republican platform of 1892 declared their "opposition to all combinations organized in trust or otherwise to control arbitrarily the conditions of trade among our citizens." Judge Lewis is being pressed by numerous Democratic and free silver Republican friends to make the race for Congress in the Eleventh district, against Hon. John G. Colson. If nominated, Lewis declares his intention to stomp every county in the district for Bryan and silver. He will make things exceedingly warm for his late Republican friends.

A FINANCIAL PUZZLE.

"Republicans insist that the gold reserve must be maintained. At the same time," says the St. Louis Republic, "they denounce President Cleveland for issuing bonds to maintain it and denounce Bryan for proposing to redeem the Treasury notes and greenbacks and other coin obligations in silver."

"Will some able Republican financier tell the people how the gold reserve is to be maintained under our present financial system without selling bonds to buy gold or redeeming Treasury notes and greenbacks in silver?"

"No Republican has hinted to what device a Republican administration would resort to keep the endless chain from doing its work on the gold reserve whenever Wall street wanted to make a raid, without taking Mr. Cleveland's way or Mr. Bryan's way, both of which the Republicans have condemned."

"Senator Sherman, the great Republican financier, has carefully avoided the question. Bourke Cockran did not touch it in his speech. Tom Reed, with his usual sagacity, walked around it, and Senator Foraker, with all his ignorance of the money question, was wise enough to keep away from this pitfall."

"The Republic yearns so to learn the Republican plan of handling the situation that it will offer a prize—a fine picture of Mark Hanna, framed in gilt—to any Republican or quasi-Republican statesman who will solve the puzzle."

OUTLOOK IN KENTUCKY.

Democratic Defection Will Be More Than Offset by Recruits From Other Parties.

[Correspondence of the BULLETIN.]

LOUISVILLE, KY., August 31st, 1896.

The bolters of Kentucky are in a dilemma. Driven to desperation by a scarcity of adherents to the single gold standard, they have been forced to resort to a new species of legerdemain. At stated intervals, the press, which was once Democratic, with a great flourish of headlines has announced that this and that man, who has been fondled in the cradle of democracy from infancy, had renounced the Chicago platform and the nominees, and were determined to vote for McKinley. These stories, circulated with such religious persistency, have been subjected to much ridicule in the districts in which the interviewed parties live, for in many instances by investigation these people have been found to be life long Republicans, who have never voted a Democratic ticket in their lives. While these interviews instead of resulting in harm have been prolific of good in the localities from which they emanated, they are misleading to those persons not conversant with their party affiliation, for the ex-Democratic press has endeavored to convey the idea that the rush to a single gold standard would rival the fight that now exists among them to get possession of this appreciated currency.

Each letter that reaches the headquarters of the Democratic State Campaign Committee brings additional assurances of Democratic victory in November. Chairman Sommers, and Secretary Richardson are more than pleased with the outlook and there is not a county in the entire State from which the most pleasing information has not been received.

Extensive preparations are being made for the reception of Wm. Jennings Bryan in Kentucky. Although the exact date of his arrival has as yet not been determined by him, it will be on September 12th, or a few days thereafter. He will arrive at Henderson where arrangements have been made for a forty minutes speech. A platform has been erected at the depot and after Mr. Bryan's speech, he will immediately board a train on the "Texas," and start for Louisville where he will speak in the evening. A number of short talks will be made from the rear of the platform while en route to this city. Mr. Bryan's reception in the metropolis of Kentucky will be one of which he may well be proud. Every road entering Louisville will run excursions for the accommodation of the people along its line and in addition to the tremendous crowd of Louisville people that will be in attendance, it is estimated that from twenty-five to fifty thousand people will be here from Kentucky and southern Indiana. Mr. Bryan will remain in Louisville over night and leave the next morning for Lexington, where he is to make his second speech. Short talks, however, will be made at many stations through the Blue Grass.

Last week many editors of the Democratic press of Kentucky, met at the headquarters of the State Campaign Committee in this city and indulged in a general discussion of the plans of the canvass and the attitudes taken by the Democratic papers. The meeting was a most enthusiastic one and nearly all the editors expressed themselves on the outlook in their counties and congressional districts, all of which tended to show that Democracy instead of losing ground in the old commonwealth will again be very much in the ascendancy in November next. Below will be found expressions from some of the editors who were in attendance:

H. E. Thompson, Paducah, News.—McCracken County, of which Paducah is the county seat, will increase its usual Democratic vote.

W. T. Adams, Sun, Clark County.—The third party movement in Clark County is insignificant when compared with the boasted claims of its leaders. There is unusual enthusiasm and the county will go for Bryan by 150 majority.

W. W. Martin, Tale of Two Cities, Eddyville, Ky.—Lyon County is safely Democratic and will give an increased majority. The populists will vote for Bryan and there will be less than twenty-five gold Democrats failing to support the ticket.

Sam W. Stairs, Dover News.—Mason County Democrats will stand by Bryan and Larkie Thomas for Congress. In the county districts outside of Maysville, not fifty Democrats are out of line. To counteract this many Republicans of my own knowledge are heartily supporting the free silver ticket. In Silvera precinct, which usually polls sixty votes, a Bryan club has been organized with 100 members and Dr. Politt for many years precinct chairman for the Republican party, has been elected President. The gold party will not poll over 150 votes.

J. O. Cooper, Henry County Local.—Henry County Democrats will not lose to exceed 200 voted to the bolters. Bryan clubs are being organized in every precinct and every thing indicates a big Democratic majority.

Percy Taylor, Russellville Ledger.—Logan County will give 800 for Bryan. There about 200 bolters. Republicans will all vote their ticket. Populists to the number of 650 will vote with the Democrats.

M. A. Holland, Constitutionalist, Henry County.—This county will give from 500 to 800 plurality for Bryan. The bolters may possibly reach 200, but this will be offset by Republicans who will vote for Bryan. The populists will support the Democratic ticket.

T. M. Morrow, Jackson Hustler, Breathitt County.—There is no disaffection among the Democrats. While there are many Republicans who will vote for Bryan, bolters are unknown.

Geo. H. Pike, Cadiz, Kentucky Telephone.—Trigg County will give Bryan 300. There are not more than forty bolters in the county.

Edgar W. Whittemore, Grand Rivers Herald, Livingston County.—Probably Democratic by 300. About 40 bolters. Practically no Republicans will vote for Bryan, but the populists are a unit for him.

Bennett Henderson, Princeton Banner, Caldwell County will give a Democratic majority of 300 or 400. Last year it was only 150.

R. C. Walker, Press.—Crittenden County Democrats were never in better shape than at the present. The disaffection is of no consequence while at least 100 Republicans are for Bryan. The Republican majority if taken now would be reduced to naught.

M. W. Neal, Farmers' Home Journal, Jefferson County.—Have a complete organization in every precinct. Do not think the bolters will exceed fifty outside the city. Indications point clearly to a majority of 1500. The populists and many Republicans will support the ticket.

J. H. Weston, Williamstown Courier.—Grant County will give its usual majority of 500.

Indiana Solid For Bryan.

A well-known and well informed gentleman, formerly of this county, but now a citizen of Indiana, and who has just arrived here on a visit, says that Indiana will give the silver ticket 75,000 majority.

The gold-bugs here say that under free coinage a dollar will only be worth 50 cents, a quart will only hold a pint, a bushel only a half-bushel, etc. We naturally suppose most of the goldbugs were born under free coinage, hence the depreiated eranium.

Housekeeping.

If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation.

The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Except in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

IS IT A BOMB?

And Was There An Attempt to Blow Up a House in the Fifth Ward?

What is thought to be a bomb was found Sunday morning under the house occupied by Mrs. Ellen Cummings in Fifth ward.

It is roughly constructed with leather and heavy twine, and has a fuse attached. This fuse had been lighted, but had gone out.

The thing hasn't been opened yet so it is not known what it contains or whether it contains anything. The local correspondent of the Cincinnati Post seems to know just what is in it, however, as he says "There was enough blasting powder in the bomb to have blown the house to atoms."

The "bomb" is about the size of a baseball, and is in Chief of Police Ort's possession.

Suspicion rests on a party who it is said had been driven from the house several times.

Fifty-One Years.

Mr. Chas. H. White, of the firm of White, Judd & Co., returned Monday from a trip to Cincinnati. While there he called to see his old friend and playmate, Col. Larry Hazen, chief of the detective force, whom he knew as a boy in Cincinnati years ago. They had not seen each other for fifty-one years, but the great detective soon recognized Mr. White, calling him by name. It is needless to say the conversation indulged afterwards was most interesting as each in turn recalled some of the many incidents of their boyhood days. The short visit was indeed a pleasant one and these two gentlemen will no doubt make it convenient to meet oftener in the future.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burghs, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

A Former Mayslick Citizen's Loss.

Burglars, five in number, visited Hustonville Monday night, last week, blew open the safe of Charles Wheeler, took \$40 in cash, three gold watches, several pairs of shoes, several Stetson hats and other articles of merchandise. Entrance was made by prizing open the double front door. The handle or knob on the safe door was pulled out and the explosive was introduced by that means. The main door was blown off the hinges and access became easy. Mr. Wheeler formerly resided at Mayslick.

The Ladies' Missionary Society of the First Presbyterian Church will hold their monthly meeting in the Sunday school room of the church this afternoon at 4 o'clock. In addition to the regular services, the pastor, Dr. Hays, will give a talk on Siam, including facts and incidents given him by his sister, who has been a missionary to that country for more than thirty years. A cordial invitation is extended to all persons interested in missions to be present.

There's a world of sound sense and wholesome truth in this extract taken from the North Middletown items in the Paris Kentuckian: "Help a dog out of a ditch and no matter what sort of a dog he is—town dog, or country dog, educated or illiterate, aristocratic or plebeian, he will wag his tail into paralysis and exhaust every muscle trying to tell that every drop of blood in his veins is at your service. Help a man out of a ditch and what follows will depend very much upon his breed."

BASE BALL NEWS.

Friends of Sammy Leever Suggest a Game For His Benefit—The Blue Grass League.

Some of Sammy Leever's many friends suggest that the Maysvilles ought to play a game for his benefit before the season closes. Leever was taken ill with typhoid fever on the Maysvilles' last trip to Knoxville, and has been out of the game ever since. He was able to return to his home at Goshen, O., a few days ago, but his sickness will no doubt incapacitate him for work for some time. A benefit game would be the right thing, and would undoubtedly draw a big crowd.

The Mt. Sterlings disbanded Sunday, and the end of the Blue Grass League is not far off. It is said the Lexingtons are in bad shape and will likely quit after the games this week.

PORTSMOUTH, OHIO, August 31.—The Polos defeated the Maysville nine this afternoon in the presence of 2,000 people. Shepherd was knocked out of the box in the fourth. Wadsworth took his place. Score 11 to 4.

"The New Woman."

Battle Ax PLUG

The "new woman" favors economy, and she always buys "Battle Ax" for her sweetheart. She knows that a 5-cent piece of "Battle Ax" is nearly twice as large as a 10-cent piece of other high grade brands. Try it yourself and you will see why "Battle Ax" is such a popular favorite all over the United States.

Discontent and Aspiration.

No man ought to be satisfied with his present condition, because there is no condition that cannot be improved. Most people have too little of this world's goods to be entirely satisfied. It is no sin—on the contrary, it is a credit to them—to try to become better off.

But there are two ways of looking at life. One person is gloomy, depressed and makes the most of all his bad luck. In some communities, notably farming communities, the person who has had the most sickness, bad luck and losses becomes a kind of hero to himself and his neighbors. They talk his misfortunes over week after week and roll them as a sweet morsel under their tongues. And if they and he only knew it this making the most of bad luck increases it and fastens it on the minds of them all, and in time it materializes anew in their own lives.

From the way in which people think and brood over the bad things that happen to them it is a wonder the world is not worse than it is, a wonder it is not absolutely full of bankrupts, lunatics, consumptives and dyspeptics.

Brooding over poverty, bad luck and ailments, talking about them and describing our symptoms to our friends fix and confirm these evil thoughts in our minds and memories. It is a wise and honored saying that the mind makes the man. Nothing is truer. When bad luck or sickness comes, put it out of your mind. If you cannot do this altogether, do it as much as you can. Do not permit yourself to talk about your misfortunes and mistakes. Learn the lesson from them and then forget all about them. Hold no grudge against any human being. It poisons your blood and clogs your liver and keeps you awake nights. Nobody in this world is worth making yourself uncomfortable over.

Keep your mind persistently clear and cheerful. Mankind can control their thoughts. If you are poor today, look confidently forward to being better off in the future. Expect it and work up to it, though you are 80 years old. No person is ever too old to improve his condition. The serene, cheerful mind which every human being can cultivate keeps the brain clear and the digestion good. Then we can use all our powers to the best advantage. "A merry heart does good like a medicine."

In one of his editorial sermons in the New York Herald Dr. Hepworth says:

There is a kind of restlessness which is almost godlike, for it implies that the soul is capable of indefinite progress, and, as the clothes of youth are outgrown in manhood and we purchase others which fit our increased stature, so the soul must change its garments and put on larger thoughts and projects and hopes. There is another kind of discontent which is thoroughly depressing, and is therefore to be avoided, because it draws the curtains down and forces you to sit in the dark.

When a man says, "This is well enough for today, but tomorrow I shall have more and better," he is in just the state of mind that makes the more and the better possible. But when one feels that his circumstances are not only

a hardship, but also an injustice, he can neither get out of his present the best there is in it nor look forward to the future with anything like good cheer. The people who indulge in this latter train of thought are a very bad sort of Christians. They are at odds with themselves and with the Almighty. They spend so much time in wishing that things were not as they are that there is no time left in which to use their experience to the best advantage.

The difference to a man's soul, to his temper, to his general disposition, and, not least of all, to his bodily health, between the conviction that he can do great things with what he has and the conviction that he can do nothing because he has not what he thinks he ought to have, is practically the difference between a life sweetened by faith and effort and a life blighted by an estrangement between himself and the very nature of things.

Is Corbett a Coward?

NEW YORK, Sept. 1.—The several meetings arranged between James Corbett and Tom Sharkey, at which the arrangements for a fight were to be made, have all resulted in an unsatisfactory way, and that arranged for yesterday afternoon was no exception. The meeting was scheduled for 2 o'clock, but at that hour there was present no one but Sharkey and his party. Corbett sent word at 2 p. m. that he would not be present but would be represented. Later a message came that his representative would be present at 3 p. m. and all waited until that hour, but neither Corbett nor his representative arrived.

Bank Robbed.

CLEVELAND, Sept. 1.—The gang of thieves which had followed the Bryan party through New York state took advantage of the stop in Ripley to do a clever streak of work. There is a small bank in the town, a branch of E. A. Skinner's First National bank of Westfield. The bank clerks rushed to the front door to see the parade pass, and in the meantime thieves slipped in at the back window and made way with all the cash in sight, which amounted to about \$900.

WHISKY OUTPUT.

A New Organization Formed Looking to Trade Regulation.

CLEVELAND, Sept. 1.—A large number of wholesale liquor dealers from New York, Missouri, Illinois, Maryland, Pennsylvania and other states assembled yesterday at the chamber of commerce for the purpose of taking steps toward bringing into existence a new national organization designed to protect the trade against unfavorable national legislation.

The meeting resulted in the formation of the National Wholesale Liquor Dealers' Association of America. The object is mutual protection. A constitution was adopted and the following officers elected: President, E. L. Snyder of New York; vice presidents, W. L. Einstein of Cleveland and W. E. Broderick of Baltimore; treasurer W. A. Sellner of St. Louis; secretary, W. G. Ross of New York.

A committee of 21 members was appointed which will form the board of control which can be called to meet by a third of its members. It will practically control the affairs of the association so far as the regulation of prices is concerned.

According to the ideas of the promoters of the movement distillers will not be permitted to become members, the ground being taken that the chief cause of the present condition of the liquor trade is the overproduction of whisky by distillers and the wild and irresponsible speculation in whisky. When in working harness the new association will endeavor to secure the continuous and permanent regulation of the whisky output, so that it may conform to legitimate demand, and speculation on the part of outsiders be forestalled.

TRYING TO AGREE.

A Compromise May Be Reached on the Window Glass Scale.

PITTSBURG, Sept. 1.—The wage committee of the Window Glass Workers' association met yesterday to outline the policy to be pursued at the wage conference in this city. At the last conference with the manufacturers, held a few weeks ago, no agreement was reached. The workers demanded the resumption of the straight list, while the manufacturers wanted a reduction.

The workers say they will not submit to a reduction, although they are willing to make a slight concession relative to the paying of the "snappers." It is probable that a compromise will be effected.

Tibbey Brothers' flint glass factory at Sharpsburg resumed yesterday with nonunion men at a reduction of 20 per cent in wages. There was no disorder and a number of the old men went to work at the firm's proposition.

No Food For Four Months.

WILKESBARRE, Pa., Sept. 1.—The case of Elmer Douglas of Nanticoke is puzzling the physicians. He has not eaten or taken nourishment of any kind for four months. The doctors say life is sustained by the absorption of his own tissue, but now the supply is almost exhausted. Two professors from a New York college will diagnose the case.

Sullivan and Sharkey Meet.

NEW YORK, Sept. 1.—John L. Sullivan and Tom Sharkey met in a three round friendly bout in Madison Square Garden last night before 4,000 persons. The exhibition was very tame and there was no opportunity to judge Sharkey's ability. Sullivan was about 50 pounds heavier than Sharkey and was considerably winded at the close.

Indianapolis Favored.

CLEVELAND, Sept. 1.—The session of the supreme lodge, Knights of Pythias, yesterday was occupied with the consideration of changes in the constitution recommended by the judiciary committee. The committee on location of the next biennial session reported in favor of Indianapolis.

Cornelius Vanderbilt's Condition.

NEWPORT, R. I., Sept. 1.—Cornelius Vanderbilt is seeming to mend slowly, but is still in a precarious condition. His physician has ordered that he should not be removed from Newport, and his wife has made arrangements to pass the winter at this resort.

Shot Down From Behind.

ASHTABULA, O., Sept. 1.—Joe Morrell, a gang boss on the dock and leader of 200 Italians here, was shot down from behind on the street here. An Italian with whom he had trouble is missing. Morrell can not live.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
